

Cutting machines proLINE

5230

Table size	Cutting force
500 mm x 400 mm	1250 kN od. 1600 kN
800 mm x 650 mm	1250 kN od. 1600 kN
1000 mm x 700 mm	1250 kN od. 1600 kN

Accessories optional

- Manual or automatic sliding table
- stationary die holder
- Plastic stamping plate or steel stamping plate
- Overrun supports manually / automatically adjustable
- Embossing time setting with adjustable embossing speed
- Hot plate, heated tools

Advantages

- Extremely sturdy machine-stand construction in panel construction with high static and dynamic load capacity
- Fast stroke speeds
- High cutting forces
- Suitable for heated cutting tools
